EDUCATION

The University of Hong Kong, BASc Financial Technology **09.2025 – 06.2029**
Double Minor in Finance and Statistics *Hong Kong*

- **Relevant Coursework:** Corporate Finance, Accounting, Microeconomics, Macroeconomics, Statistics, Linear Algebra, Calculus II, Python and Java for FinTech.
- **Awards & Honors:** HKU Full Undergraduate Entrance Scholarship for Outstanding Academic Talents (full tuition and living stipend across the 4-year programme).

Kamnoetvidya Science Academy (KVIS) **05.2022 – 03.2025**
Grade 10–12 *Rayong, Thailand*

- **CGPA: 3.96 / 4.00 –** leading privately funded Thai high school focused on research, mathematics and science. Full scholarship recipient (3 years) with research support funding.

WORK EXPERIENCE & PROJECT DEVELOPMENT

ABACUS Digital Co., Ltd. (digital lending subsidiary of Siam Commercial Bank) **06.2026 – 07.2026**
Financial Strategist Intern / *Competitive Intelligence, Investment Analysis, Strategy* *Bangkok, Thailand*

- **Benchmarked 8+ digital banking competitors** across pricing, funding cost, and customer acquisition; synthesised findings into a competitive-positioning brief adopted by the strategy team.
- **Screened 3 equity investment targets** using DCF and comparable company analysis; delivered buy/pass recommendations with supporting investment memos to the strategy team.

Jane Street — First-Year Trading & Technology Programme **03.2026 – 04.2026**
Selected Participant (Selective Insight Programme) / *Market Making, Quantitative Trading, Risk Management* *Hong Kong*

- **Selected for a competitive 2-week insight programme** covering market-making, quantitative strategy, and trading infrastructure through live simulations run by Jane Street traders.
- **Competed in trading-games tournaments** applying expected value, adverse selection, and position-sizing under time pressure; developed intuition for options and binary market pricing.

GUIDO — Accessible Map and Navigation Cane for the Visually Impaired **09.2025 – Present**
Co-founder & CFO / *Financial Modeling, Budget Management, Grant Allocation* *Hong Kong*

- **Grand Champion** at Orbis Future Vision Leaders 2025/26 and **1st Place Winner** at HKU Innovation Wing, securing an **HKD 100,000** development grant and incubator support.
- **Built the financial model** projecting HKD 3.8M Year-3 revenue and 32-month breakeven; manage budget allocation and cash flows of the grant.

EXTRACURRICULAR ACTIVITIES & LEADERSHIP

Hong Kong Undergraduate Financial Planners of the Year Award 2026 **09.2026 – 11.2026**
Investment Lead, Team Axis (Top 12 Finalists) / *Investment Strategy, Monte Carlo Simulation, Portfolio Construction* *Hong Kong*

- **Led the investment strategy** for a comprehensive planning case (Wong family, HK$24.4M net worth); recommended index-fund migration **reducing annual fees by HK$45K** and raising ESG allocation from 11% to 25%.
- **Built a Monte Carlo stress-testing model** across 10,000 simulated market scenarios, achieving **97% probability** of wealth lasting the full 30-year plan horizon.

Cathay Hackathon 2026 **09.2026 – 11.2026**
Team Moodeng (Top 40 of Round 1) / *Cost Optimisation, Probabilistic Modeling* *Hong Kong*

- **Built "GateSense",** a cost-optimisation decision engine for airline gate operations using 3 probabilistic models (arrival probability, bag removal time, outcome cost) and Monte Carlo simulation of 20,000 scenarios per decision.
- **Integrated customer lifetime value (CLV),** loyalty tier, and connection risk into the cost function; demonstrated **78% cost reduction** versus the baseline immediate-offload policy.

HKU Thai Student Association **06.2026 – Present**
Financial Director and Executive Committee / *Accounting, Fundraising, Budget Planning* *Hong Kong*

- **Drafted the association's annual event budget** in coordination with the executive committee, and secured **HKD 500 – 5,000** per event by submitting funding proposals to Thai alumni networks and corporate sponsors across 10+ events per year.
- **Consolidated all financial transactions** into monthly Excel statements, improving transparency of reporting to the executive committee and ensuring auditable fund tracking.

Additional: Co-founder of Lab-Ctrl (Gesture Control Neural Interface) — selected as winning venture at CUPP 2026, awarded HKD 100,000 grant; completed CUPP workshop series at HKU and the London School of Economics.

SKILLS AND INTERESTS

- **Technical:** Python (pandas, NumPy, matplotlib) | SQL | Excel (financial modelling, INDEX/MATCH, pivot tables) | SAP Analytics Cloud | DCF & Comparable Company Analysis | Monte Carlo Simulation.
- **Certifications:** Bloomberg Market Concepts (BMC, 2026) | Python & Statistics for Financial Analysis — HKUST (2024) | CUPP Startup Workshop (HKU × LSE, 2026).
- **Languages:** Thai (Native) · English (Fluent, IELTS 7.0) · Korean (Basic) · Mandarin (Beginner) **Interests:** Podcasting, Street Photography, Basketball, Badminton.
